

Petrotranz COTS Hits New Growth Milestones

Over 350 Energy Companies using COTS, Volume surpasses 650,000 bbl/d

CALGARY, AB, Canada (May 17, 2011) – Petrotranz Inc.'s Crude Oil Transportation System (COTS), the first web-based communication and collaboration platform for the Crude Oil Transportation Industry, has hit new growth milestones with number of registered companies and crude oil volume.

"I am extremely pleased to report that we now have over 350 companies registered on COTS across the Western Canadian Sedimentary Basin (WCSB) with over 3 million cubic meters m³/month or 650,000 bbl/d being forecast," says Brent Stankowski, CEO of Petrotranz. "We thank all of our users for their continued use and feedback in helping us achieve this milestone. As we grow, we continue to invest, innovate, and enhance our offerings to improve the communication and collaboration needs for all WCSB stakeholders."

Notable facts:

- Over 350 energy companies (Producers, Facility Operators, Shippers) now use COTS
- 40 of the top 40 oil producing companies use COTS
- Over 3 million cubic meters m³/month or 650,000 bbl/d is being forecast through COTS

About Petrotranz Inc.

Petrotranz Inc.'s Crude Oil Transportation System (COTS) is the first secure, easy-to-use, web-based communication and collaboration platform that streamlines the manual processes and documentation required in the transportation of crude oil from wellhead to market. Petrotranz COTS provides Producers, Facility Operators (pipelines, truck terminals, cleaning plants) and Marketers the ability to forecast shipping volumes, capture production information, and reconcile delivered quantities to complete and submit delivery forecasts online each month.
